Subject: Access of NGO to GA session "Question of Palestine"

Dear Jorge,

Please see below a request of an NGO in status with ECOSOC to attend the meeting of the Committee on Palestinian Rights tomorrow morning and the afternoon GA session.

They have bypassed the registration procedure of this Division and dealt directly with DESA and Security.

That particular NGO is not accredited with the Palestinian Rights Committee, has not received an invitation to attend the morning meeting and has proved disruptive and negative in the past.

The Bureau of the Committee has instructed me not to register them for the Committee meeting.

As for the afternoon, it would be the decision of the PGA to give them access to the fourth floor to follow the GA proceedings. The 100 seats, I have requested, will be filled by civil society representatives registered by this Division. That NGO would get their passes directly from security.

Kindly advise.

Thanks and regards,  
Wolfgang
